Nov. 18, 2025	COMPETITIVE	What brand of machine now	March 1, 2026	November 18th, 2025 - sent an email to Kendall and Wayne with competitive quote information for their review. They are on a third-party lease. They are moving forward with TBXI. I do not know which model of machine they are getting, which 3rd-party leasing company they are using, or when the new unit will arrive. Touch base in 3 months again. Quarterly review / visit on site?
